

The Lexington School of Photography

Spring/Summer Calendar

Intro to Photoshop Tools (May 31, 7-9 pm)

Highly interactive, this course is designed to demonstrate all of the tools of Adobe Photoshop and give you insights into creating a basic workflow to make Photoshop easier and more manageable. This is an introductory class and you WILL have the opportunity to ask whatever questions you need. ***Offered by Bill Cole. \$50 tuition.***

Photography 101 (June 8, 7-9 pm)

Want to take better shots than your cell phone allows? This 2 hour introduction will teach you the basics of your camera, useful gear and lenses as well as some basic rules of photographic composition. It is designed for those new to DSLR photography (cameras with interchangeable lenses). ***Offered by Bill Cole. \$50 tuition.***

Making Sharper Images (June 10, 9-3:30)

Learn how to give your images that "tack sharp" look you want. The goal of the class is to show you how to shoot stationary and moving subjects and make them as sharp as possible. ***Offered by John Snell. \$125 tuition includes lunch at Wines on Vine Bistro.***

Introduction to Lightroom (June 14, 6:30-9:30 pm)

The course is designed to teach you the roadmap to Lightroom, from organizing your images through basic editing. Discover the power of this total photographic software to make your images better than ever. ***Offered by Charters Osborne. \$75 tuition.***

The Power of Camera Raw (June 28, 7-9 pm)

Learn how to use the Camera Raw filter in Photoshop to cover most of your basic editing needs and how to combine features to pull the best of all worlds together. This is a hands-on class so bring your laptop and practice on the same images with everyone. ***Offered by John Snell and Bill Cole. \$50 tuition.***

Drop in a New Sky (July 19, 7-9 pm)

We've all taken images of silhouettes or landscapes we loved but where Mother Nature didn't quite give us the sky to match our artistic vision. This class will show you how to create sky images for your portfolio and use basic select and mask tools to allow you to replace a drab sky with a little more punch. Bring your laptop and practice onsite. ***Offered by Bill Cole. \$50 tuition.***

Layers and Masking in Photoshop (July 22, 9-3:30)

The true power of Photoshop is the ability to edit images non-destructively. Using layers and masking you can harness the power of Photoshop to create everything from better family portraits to unique composited works of art. ***Offered by Bill Cole. \$125 tuition includes lunch at Wines on Vine Bistro.***

All Classes Offered at THREE O PHOTO STUDIO, 400 Old Vine St, Suite 200, Lexington. For more information or to reserve your seat contact the instructor of the class via email or Facebook.
